Message

It is a moment of pride to pen down the words for the alumni meet of Badi University of Emerging Science and Technology. My heart holds immense pleasure as I discern the progress being made at BUEST. The university portrays an eccentric amalgamation of academics, co-curricular activities and value education imparted to students which continue to set it apart from the crowd. It remains my humble wish that BUEST continues to shine as a lighthouse of goodness and truthfulness, that in addition to academics, the young ones who pass through its corridors may become caring, productive and responsible citizens and future leaders of the country. We would look forward to your continued interaction and association to help improve the quality of our Academic programme, industry collaborations and various facets of our operations to ensure continuous improvements and exemplary standards of services to our present and past student community. I pray that God showers on each one of us with His divine grace and blessings and that our university continues to grow in faith and integrity.

Message

First and foremost on this very momentous occasion I would like to praise Lord Almighty for showering upon us his opulent grace from the moment we had commenced our odyssey in this eminent university. We had subdued striking challenges, but the university deduced that we could make substantial deviation, and it was an appreciable accomplishment. I'm very gratified that we, in our university, have inculcated the idea of Alumni meet. We feel so delighted and humbled to have you all here with us today to celebrate this special occasion. Today, alumni relations are a cardinal part of an institution's advancement pursuits for many reasons: Alumni are an institution's most reliable bearers. Students, past and present, are what any university should be all about. Faculty and staff are vital as well, but students are unique in a way that they will forever fill a role - whether they are current students or long graduated.

So today we unfold the Alumni Meet 2019 for BUEST anticipating the emergence of new bonds while fortifying the former ones.

It's indeed a great honour and privilege for me to extend a wholehearted welcome to all the alumni of BUEST. An Alumni Meet is organized to celebrate and refresh old relationships and form new ones. It is an occasion when togetherness of the students at their Alma Mater, take them down the memory lane, refresh their evergreen stay on the BUEST campus and look forward for new interactions with new hopes. It is a matter of pride for all of us that our Alumni have played an important role in building the credibility of our university and have contributed immensely not only in the growth of the university but country also. Thus BUEST provides a platform where alumni can stay connected and continue their bonding with the University. As we all know that the BUEST is committed to provide quality education and prepare future ready professional as per need of the industries and profession. Our university believes in holistic education which encompasses academics, co-curricular activities, sports education and life skills learning so that we can rear a level of young minds that are bustling with self-confidence and motivation. We inculcate human values like compassion, honesty, fortitude and perseverance in our students so that they can become the leaders of tomorrow in their respective profession. Benjamin Franklin has rightly said, "***An investment in knowledge pays the best interest***".

Therefore, it is a matter of pride for us that we prepare future ready professionals who would make a positive impact in the society and bring name and fame to the BUEST.

My Best Wishes for the Grand Success of Alumni Meet.

Golden memories of student life and contribution of Alma Mater in the academic advancement cannot be forgotten even after achieving the success in career and establishment in the professional world. This is because of the love and bond that one has with Alma Mater and keeping this in mind, an Alumni meet is organized. Let us all gather and make this Alumni meet vibrant and a model for all alumni meets of the future. This meet is aimed at linking Alumni with their roots i.e. the parent department and developing a much needed synergy between past and present students of the department. Needless to say, it would also provide a focal point of contact among Alumni to interact and network with each other. I appreciate this idea of Alumni Meet, which creates a special union between the students who have passed out & who have established themselves.

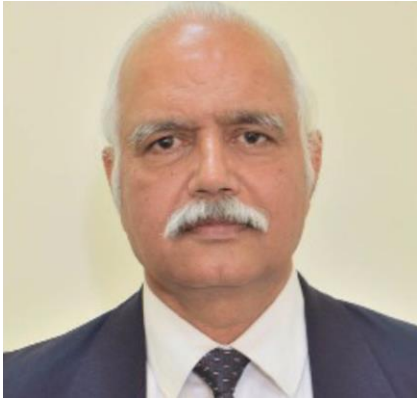

We sincerely hope that you will not only grace the occasion with your benign presence but also convey this message to those entire alumnus who are in your network. Anticipating positive and enthusiastic response from your side in making this event a grand success.

**Like branches of a tree,
Our lives may grow in different directions,
Yet our roots remain as one!**

May God bless you all!

Today, I am honored to say that we are proud of our Alumni achievements, accomplishments in almost all curriculum and extra curriculum activities. Your brilliant achievements in academic discourse and in sports are indeed acknowledged. Your sweet memories will forever remain in our hearts.

I and my fellow colleagues thank you for the uncommon zeal you have demonstrated towards your studies, in your relationship with the teachers, management, the junior students, and even among yourselves.

My dear students, as you leave this university, expect that some challenges await you, which of course, I strongly believe going by your antecedents and the manner you have conducted yourselves over the years and the skills and knowledge we have imparted in you, you will surely overcome them.

At this point, I want to implore my dear outgoing students to always see yourselves as good ambassadors of this University and never allow selfish interest to blemish the integrity you have nurtured over the years in this great University. Be kind and good to people you meet on your way up. Allow the words of God guide you as you journey to greatness. Think big thoughts and be optimistic in whatever you are doing.

On behalf of the Electrical Engineering Department, I wish you best of luck in your days ahead. May God bless you all!
