

Key Indicator-2.6 Student performance and learning Outcomes (30)

Metric No. 2.6.1: The institutions has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents (10).

Response:

Program outcomes of all the programs are developed based on the fulfillment of course outcomes. All the courses offered in regard of respective programmes in various departments of BUEST, are aligned with the program outcomes. The program outcomes are identified as per the regulatory bodies such as UGC, PCI, and ICAR etc., to meet the worldwide standards as well as the requirements of making industry ready students. The course outcomes are developed as per the content and objectives of the course within the programme framework. In general, the number of hours required for the course including theory, tutorial, and practical components, the type of content and its credits, the assessment model to be followed while assigning outcomes, are vital issues to be addressed by the faculty and members of Board of Studies. The course objectives and outcomes are planned and designed taking into the consideration of entire syllabus and the required competencies. During examination, we ensure that the students attempt all the pre-planned outcomes. If choices are given, they belong to only within the course outcome. The assignments, quizzes are conducted based on the planned outcomes.

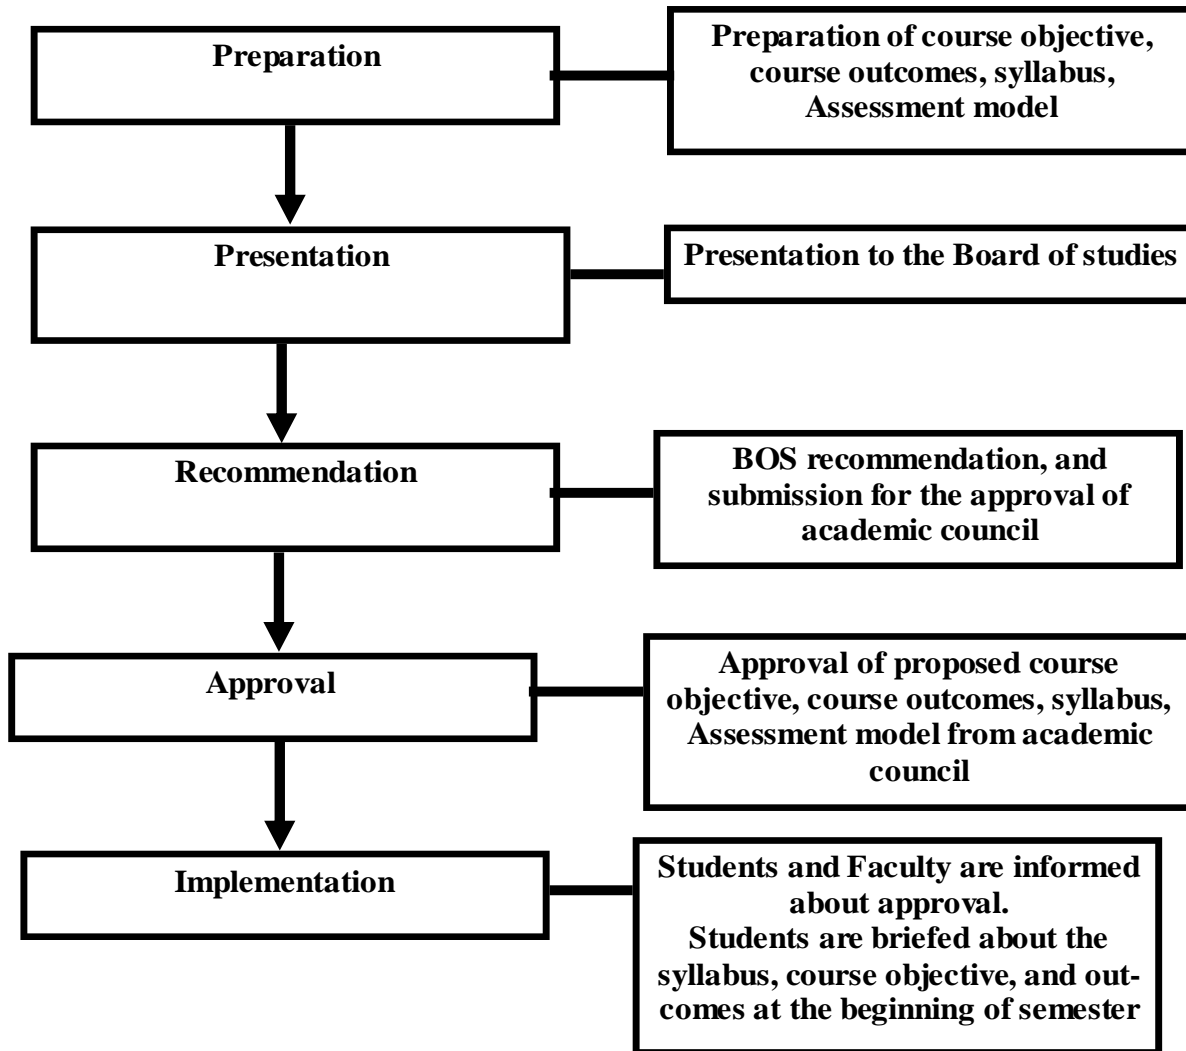

The faculties are made aware of their learning outcomes through:

- Workshop/Seminar/Symposia
- Teaching-Learning process (Course File, Course Plan, Outcomes, etc.)
- Feedback analysis
- Governance system evaluation through BoS and Academic Council

The students are made aware of their learning outcomes through:

- Induction/Orientation Programmes
- Quizzes/Seminar/Symposia
- Counselor/Mentorship

- Evaluation (Test Analysis/Assessment)

Mechanism of Communication:

The content of the syllabus is prepared after the thorough understanding of the CO's that include objectives, content, text books and references, assessment model etc. All the faculty members who are subject experts in charge for the respective course will put up the syllabus in the BOS meeting. After approval from BoS and Academic Council, the syllabus will be circulated in the Department to the respective faculty. The same syllabus will be communicated to the students through university website and during the first day of commencement of the semester. The expected CO's and the course assessment model is also explained to the students.
