## **CHAIRMAN'S MESSAGE**

Welcome to Baddi University of Emerging Sciences & Technology (BUEST). Our unique approach to leadership and education differentiates us from any other University in the region. Our focus is to develop young leaders with high-mindedness, prepared to make a positive contribution to society. We offer a value-based approach to education.

We are proud that our institution is consistently serving the needs of today's students and parents. Conducive teaching/learning environment and guidance of accomplished academicians enable our students to achieve academic excellence. An interactive and flexible teaching style adopted by the faculty fosters a growth mindset and a positive student-teacher relationship that will amplify and develop their learning and research abilities. Through the collective efforts of all our Faculties, administrators, and support staff, we strive to provide our students with the knowledge, skills, abilities, attitudes, and beliefs that are essential for a productive and successful life. Currently, about 2500 enthusiastic learners are enrolled in our university. We would like to express our sincere gratitude to our students and their parents for rendering support and contributing to the University's advancement. Their feedback and suggestions have been really significant to highlight the shortcomings as well as strengths of the institution and encouraged us to make improvements. We are committed to make our institution an exceptional center of learning.

COVID-19 pandemic has opened gates to innovative methods of transmission of knowledge across the globe. It was very challenging to India as many people live in areas without internet. I would surely say that the learning cells in our brains became active to think about and analyze how to continue with the education of young minds. COVID-19 accelerated the adoption of digital technologies to deliver education. Baddi University also moved toward blended learning and encouraged staff and students to acquire technology savvy. We look forward to welcoming prospective parents and students to our university.

**Ram Prasad Agrawal**

## **CHANCELLOR'S MESSAGE**

Universally pervasive knowledge with modern technologies, skills and avenue has become the need of the hour. The prospects of proficient activities are expanding, hence today there is much more scope for youth to showcase their talents and touch greater heights of achievement. At the same time, one must realise that there are many expostulations in this endeavour. Since the educational scenario in our country has become quite dynamic and competitive, we have to be ready and equipped with the mandatory requirements and capacities to conquer these advanced dimensions of knowledge and master newest techniques and skills.

Various schools of Baddi University of Emerging Sciences and Technology have accoutered labs, workshops, libraries and sports facilities to help students in attaining higher standards in academics, research and professional skills. BUEST thrives to be a comprehensive university, offering degrees in Engineering, Pharmacy, Management, Applied Sciences, Agriculture, Nursing and Physiotherapy; provides skills that are decidedly treasured worldwide. The reputation and reliance we have netted in last nineteen years accentuates our beliefs and boosts our cause.

BUEST's blend of multi-cultural students from diverse states across India and various countries across the globe outlines the cultural ethos of our University. The concoction of educational experts, efficient faculty, dynamic curriculum, research amenities and industry-academia interaction make it a penchant to launch your career or boost your professional expertise. Our accent is on imparting outstanding education to our students in an encouraging environment and we strive for equalisation of opportunities to achieve the goal of all-round development.

Educational activities are hampered to a great extent due to COVID-19, and we could sense a great amount of confusion, the postponement or delay in exams, academic sessions or the like. Our faculty used used diverse methods for teaching and learning: Soft technology, online, webinars, virtual class rooms, teleconferencing, digital exams and assessments became common phenomenon. The pandemic has opened doors to the new opportunities like more digitalization.

The situation demands the updating of infrastructure and knowledge of how to face events like these in the future. This pandemic showed the partnership between technology and education is going to stay forever.

I welcome all the students who chose to be a part of BUEST; I am sure that you will feel supercilious on being associated with us and make us equally proud with your academic excellence.

**Pradeep Srivastava**

## **VICE CHANCELLORS'S MESSAGE**

Following its Vision and Mission, Baddi University of Emerging Sciences and Technology (BUEST) strives hard to provide best of teaching and learning experience; infrastructure, globally accredited courses and opportunities to youngsters to achieve academic excellence. The University provides resource rich and holistic academic environment with the cutting edge modern technologies to the students to attain professional skills and value-based learning. The institution ensures to keep pace with fast changes, occurring in Industries and Labour Market, with an objective to create future-ready professionals who are capable of accepting the challenges of this competitive world.

BUEST understands the importance of international academic standards and the role of scientific research. The University has not only already worked upon various research and consultancy projects and also it owns research publications, which reflects its innovative contribution to the world of knowledge. The university also embraces its social responsibility and organizes various programmes for the service of humankind such as blood donation camps, awareness programmes on various social issues etc.

The repercussions of COVID 19 lead to the online teaching throughout the academic year. The university and teachers were updated to hold the challenge and utilize the pandemic situation as opportunity for the academic growth of students as well their own knowledge upgradation. I take this opportunity to congratulate all the students and entire faculty who converted this difficult challenge to achievable opportunity. The support rendered by the University Management during this difficult period with complete enthusiasm rendering moral support to all has been a great motivation and is duly acknowledged.

The aim and commitment of the University is to assist students for their over all development and equipping them with the requisite knowledge and skills to become successful entrepreneurs and employable graduate's/ post graduates and above all, responsible human-beings. In the coming years the University would focus on collaboration with other reputed

Organizations and Institutions for research activities and exchange of knowledge that will essentially help us to develop creative individuals who would cater to the needs of the society. We invite all the aspiring students and their parents to BUEST and welcome them to be an integral part of our University.

With blessings and warm wishes

**Prof. (Dr.) J.K. Sharma**

### **ADVISOR TO CHANCELLOR'S MESSAGE**

Universities and Institutions are the temples of modern India. One such temple of higher learning is Baddi University of Engineering and Technology (BUEST), located in the hub of Industries at Baddi. BUEST has highly qualified and experienced faculty. BUEST is committed to be known for creating and imparting quality education to prepare future ready professionals who could make firm commitment to research, innovation and in addition provide service to the society.

Education plays a significant role in promoting human as well as well-being of the society and thus in developing India as envisioned in our Constitution-a democratic, socially-conscious, cultured, and humane nation upholding liberty, equality, fraternity and justice for all. As India is moving fast towards becoming a global knowledge economy and society, more and more young Indians are likely to aspire for higher education and ultimately in the development of our nation.

Having said that, we are reminded of the deep impact of COVID-19 on our economy and institutions including our university, during the time we were just half way through the second semester of the academic year. Due to protracted lockdown there was noticeable disruption in the activities of the university. Classroom teaching as well as examination and evaluation systems had to be shifted to online modes and thus the well established systems gave way to a complete virtual scenario. I congratulate all BUEST members, leadership team and other staffs for their support and contribution which made it possible for BUEST to successfully wade through the nightmarish quagmire of the pandemic.

The new National Education Policy-2020 has been framed and is going to be implemented in due course of time. It has been the outcome of suggestions received from more than two lakhs and thoroughly discussed at various platforms staking into consideration the present status and future requirements of the nation with respect to education. The New Education Policy will give more freedom to the college and university students with respect to their choice based learning, therefore, will result into better performance in their studies as well as achievements.

I have been consistently impressed by the dedication with which our academic and professional staff serves our community through education and research. The university continued to educate the high-performing, ethically aware professionals that government, industry and the third sector demands. Our research strength is helping to build collaborative engagement with industry, business and government partners. This assists our goal to link BUEST's research expertise with industry to commercialize innovative technologies so that business, industry and the community can benefit and profit from our frontline research.

BUEST has initiated a very unique programme named Performance Enhancement Programme (PEP) under the guidance of our Hon'ble Chancellor and imbibe the concept through Value Based Learning, Project Based Learning and Personality Development Programme to bring out the best in students. The university met with some notable successes in our efforts to improve lives around the world by tackling great research challenges. To that end, we continued to strengthen our industry partnerships. The university undertook a number of initiatives to make our campus even more vibrant and stimulating.

However, given our resilience and based on the overall achievements over the 18 years, I am confident that Baddi University will continue to support the goals of the state and the nation with growing success, into the future.

**Prof. (Dr.) T.R. Bhardwaj**

## **REGISTRAR'S MESSAGE**

The main objective of an ideal educational institute is to provide quality education. It should consist of a series of improvements, each of which uplifts a person to a higher level of awareness, understanding and kinship; leading to healthy personality development and thus contributing to the productive development of the state and country.

Baddi University of Emerging Sciences and Technology (BUEST) are growing from strength to strength in all sectors whether it's Academic, Cultural, Sports and responsibility towards Society & Country. The vision and mission statement of the university are well aligned with the need of society and it gives me immense pleasure to share that BUEST is producing quality Engineers, managers, Pharmacists, Agriculturists, scientists and medical professionals. In this age of Interdependence amongst various streams of education and globalization has been set as a new priority that could resolve the issues faced across the globe. Thus, the traditional educational system cannot keep pace with rapidly evolving technologies and advancements. Hence, each student program of study is well customized to ensure that the educational objectives are achieved by each and every student with our state of the art quality education system. The University has state of the art laboratories, hostels, playground and library. Emphasis is given to improve skills of learning and all-around personality development through its special Personality Enhancement programs (PEP). The students of BUEST have excelled in the area of academics, sports, literary and cultural activities.

The global impact of Covid-19 is multifaceted and is clearly manifested in almost all sectors, particularly the health, economic and education. BUEST is fully equipped to provide education to all corners of the nation via digital platforms and shifted online using tools such as Google Meet, Microsoft Meeting etc. to ensure that the classes could continue without disruption. I feel privileged to be associated with the University which is striving hard to be one of the best higher education institutions. I wish all our stakeholders will get the maximum benefit from these facilities and will excel in their respective fields.

I look forward to be a humble partner with you all and sincerely devoted to see you at the highest point of your career formation with the richest possible human values.

**Dr. Khushmeet Kumar**

# **PROFILE OF THE UNIVERSITY**

## **GENESIS**

The Society named Center for Advanced Studies in Engineering (CASE) was established on 2nd May, 2000 with a deep commitment to promote and propagate quality technical education. The commitment was translated into reality with the establishment of School of Engineering & Emerging Technologies (SEET) at Baddi in the year 2002.

The Society, through this institute, has been offering B.Tech. Engineering (Computer Science Engineering, Information Technology, Electronics & Communication Engineering, Mechanical Engineering, Electrical Engineering) and MBA courses to the youth of Himachal Pradesh and other states of India. Two more departments- Computer Applications (offering BCA and MCA) and Civil Engineering (offering B.Tech. Degree) were added to the Institute in 2008. Over the years SEET achieved the status of a Premier Institute in imparting career oriented education in above said fields.

In the year 2007, the Society established the School of Pharmacy and Emerging Sciences (SPES) and started a 4-year B. Pharm. course. In 2008, one more prestigious institute viz. School of Management Studies (SMS) was also introduced that started offering MBA course. All these institutes comprised the CASE Group of Institutes. The institutes of CASE Group are known for their academic excellence and their total commitment to superiority in technical and management education with holistic concern for quality of life, environment, society and ethics. Through continued efforts of the Management, the Society has been able to achieve the status of a university incorporating the CASE Group of Institutes, Baddi University of Emerging Sciences and Technology. The university will continue to promote effective and innovative learning methods by using latest technologies.

## **VISION**

We are committed to be known for imparting knowledge, research and practical experience to prepare future-oriented professionals who would make a difference in people's lives.

## **MISSION**

We would achieve our vision through Learning, Ideation and Application of knowledge by:

1. Creating a state -of- the- art teaching learning process.
2. Creating stimulating environment conducive to out -of- box thinking.

3. Encouraging Industry oriented Project based learning.

4. Value based learning by imbibing core values of:

a) Respect for individual

b) Integrity

c) Credibility

d) Excellence.

## **STATUTORY REGULATIONS AND APPROVALS**

The University has been established under the “Baddi University of Emerging Sciences & Technologies (Establishment & Regulation) Act” No. 21 of 2009 of Himachal Pradesh Government & approved by the UGC under sections 22 & 2 (f) of the UGC Act, 1956 and has the following approvals.

**UGC Approved**

## **STRENGTH OF THE UNIVERSITY**

- The Legacy of IET is being carried forward by BUET.
- State-of-the-art labs, workshops & virtual laboratories.
- Industrial acclimatization through corporate guest lectures & industrial visits.
- Exclusive arena of learning at BUET library with latest books, e-books, and journals.
- Attractive scholarships over Rs. 1 crore per annum based upon merit as well as merit cum means.
- Extensive pre-placement training & excellent placements.
- Free Education for girls under 'Betiyon Ki Bari' scholarship scheme.
- Safe and secure environment.
- Research Oriented atmosphere

## **SCHOOL OF ENGINEERING AND EMERGING SCIENCES (SEET)**

### **COMPUTER SCIENCES & ENGINEERING DEPARTMENT (CSE)**

## **Introduction**

School of Engineering & Emerging Technologies earlier famous with the name Institute of Engineering & Emerging Technologies (IEET) was established in the year 2002 by a society named Center for Advanced Studies in Engineering (CASE) with a deep commitment to promote and propagate quality technical education.

### **1. PROFILE**

The Department of Computer Science Engineering and Computer Application strives for excellence in creating, applying, and imparting knowledge in Computer Science and Engineering through comprehensive educational programmes, research in collaboration with industry and government dissemination through scholarly publications and serve to professional circles, communities, society, state and the Nation.

The Department has six well equipped Laboratories; Artificial Intelligence lab, Multimedia Lab, Database management Systems Lab and Programming Lab with latest hardware and software. There is also a 256 Mbps leased line providing 24-hour Wi-Fi and Internet Facility throughout the campus.

### **2. LABORATORIES:**

- Operating System
- MATLAB
- Multimedia
- Web Designing
- Hardware and Networking
- Compiler Design
- Computer Programming
- Multimedia Technology
- Artificial Intelligence, Python

## **DEPARTMENT OF ELECTRICAL ENGINEERING (EE)**

### **1. PROFILE**

- 1) The department of electrical engineering has been playing a vital role in producing scientists and technologists of highest calibre ever since it was established in the year 2002. In addition to the strong undergraduate programs, the department has been playing a pioneering role in producing world class postgraduates and research scholars. The infrastructure and lab facilities are upgraded from time to time and provide adequate opportunities for students and researchers to learn and innovate.
- 2) The department ensures that its students are educated in a manner that will ensure a successful career for each one of them. BUEST has an unbeaten track record of placements for its students due to its highly experienced faculty that keeps itself updated on the latest developments in their field of expertise, as well as its state-of-the-art infrastructure. Job opportunities are available in all the areas of Electrical Engineering such as Junior / Apprentice Engineer in Electrical Industry, Support Engineer, Sales Engineer, IT enabled services, Teaching, Power Protection, Load Dispatch and Load Flow. Distribution Network Supervision, Instrument Calibration, Power Generation and Transmission, Power Controlled Drives, etc. Electrical Engineering students go through several electronics, instrumentation, computer and IT related subjects who make them comfortable to choose electronics, Computer and IT based career. They may also opt these areas for higher studies. In BUEST, EE program, the students are required to do core courses of circuit analysis, electromechanical energy conversion and electrical technology. The labs are fully equipped for circuit & network theorem verification, using function generators and oscilloscopes. A separate electrical machine lab with single phase and three-phase A.C. motors/D.C. motors, various types of transformers, A.C. /D.C. generators and other power measuring equipment is for experimentation.

### **2. SPECIAL PROGRAMMES/INITIATIVE OF SCHOOL/DEPARTMENT**

#### **2.1 Academic Adoption:**

The students, in this programme will have an opportunity to be adopted by the corporate world on the basis of their performance in the selection process.

#### **Selection Process**

- Academic Adoption program will start in 2nd year of Engineering.
- Should have at least 60 % in 12th standard.
- LEET student can also apply for this program.

- Should be able to work in shifts.

### **Special Program**

- We have Tie up with Alpha Pvt. Lmt. Industry for the Academic Adoption Scheme.
- Students get placed from the day one
- They do their study as well as Job simultaneously.

### **3. LABORATORIES:**

The department is supported by ten well equipped state of the art labs:

- Basic Electrical Engineering lab
- Electrical Measurement Lab
- Control System lab
- Switchgear & Protection Lab
- Power Electronics lab
- Electrical Machines Lab
- Bio Medical lab
- CAPSA lab
- Transmission & Distribution Lab
- EPQ Lab

## **DEPARTMENT OF MECHANICAL ENGINEERING**

### **1. PROFILE**

Mechanical Engineers deal with concepts such as mechanics, thermodynamics, robotics, kinematics, structural analysis, fluid mechanics, Robotics and Automation, Computer aided Designing (CAD) and many others. These concepts are applied in the process of designing & developing State-of-the art manufacturing units, different types of motor vehicles, aircraft and aerospace parts and a vast assortment of industrial machinery. Mechanical Engineers also contribute in the development of various engines, power plant equipment, heating and cooling systems and other simple and complex machinery.

### **2. SPECIAL PROGRAMMES/INITIATIVE OF SCHOOL/DEPARTMENT**

#### **2.1 Academic Adoption:**

It is the academic program; the students can work like interns in reputed company on alternate weeks in two separate batches. Thus, they are provided with fortnightly exposure to academia as well as industry environment. A suitable stipend will be offered to the students for this, so that they can earn while learning and meet their financial expenses. The curriculum for such students is designed in such a way that they have the integrated knowledge of theory and practical aspects of the specific topics related to the industry. This helps to channelize the energy of the young students in problem solving activities and builds their professional attitude. After the end of the course, the students will become the essential components to work in the industrial environment.

#### **2.2 LABORATORIES:**

- Strength of Material Laboratory
- Material Science Laboratory
- Refrigeration and Air Conditioning Laboratory
- Internal Combustion Engines Laboratory
- Fluid Mechanics Laboratory
- Fluid Machinery Laboratory
- Principle of Mechanical Engineering Laboratory
- Theory of Machine Laboratory

- Metrology and Interchange Ability Laboratory
- Automobile Engineering Laboratory
- Applied Thermodynamics Laboratory
- Measurement and Control Laboratory
- Heat Transfer Laboratory
- Workshop

## **DEPARTMENT OF CIVIL ENGINEERING**

### **1. PROFILE**

Civil Engineering is the art of directing the great sources of power in nature for the use and convenience of man; being that practical application of the most important principles of natural Philosophy which has in a considerable degree realized the anticipations of Bacon and changed the aspect and state of affairs in the whole world. It refers to the practice of organizing the design and construction of any artifice which transforms the physical world around us to meet some recognized need.

Department of Civil Engineering, established in the year 2008, under the aegis of Baddi University of Emerging Sciences and Technology, Baddi can boast of its state of art Infra-structure, well equipped laboratories, an exclusive computer lab with latest Civil Engineering software's and not to mention the vastly experienced faculty having international exposure to their credit. The aim of the department is to impart quality education and groom budding Civil Engineers to be effective contributor to the society, nation, and the world as a whole. At present department runs four-year program leading to the award of bachelor's degree in Civil Engineering and has started MTech program in Structure Engineering.

### **2. LABORATORIES:**

- Structure Analysis Lab.
- Soil Mechanics Lab.

## **SCHOOL OF MEDICAL SCIENCES (SOMS)**

### **INTRODUCTION**

School of Medical Sciences (SOMS) has been established to offer diverse educational programme that facilitate the development of competent professionals, valuable citizens and to produce Competent, Skilled and Dedicated Physiotherapists.

## **DEPARTMENT OF PHYSIOTHERAPY**

### **1. PROFILE**

Department of Physiotherapy, BUEST provide our students with extensive education, treatment plans designed to meet individual needs while ensuring that patient safety is our priority. These have been achieved with good infrastructure the best clinical expertise, a hands-on approach, and train the students for customized patient care in multi-specialty hospitals, through which our students have been trained. The focus of our Physiotherapy College is not to impart lessons but to inculcate in the students an education that is synchronized towards reducing the global burden of disease with a social responsibility inculcating values and ethics to caring for the patient. Physiotherapy Department OPD is well equipped with all modern facilities. Therapeutic facilities are provided by our qualified & experienced faculty members.

The School has highly qualified, competent and experienced faculty, committed to bring out excellence among students. Teaching is imparted by using interactive teaching learning methodology. Students are provided guidance to excel in activities such as group discussions, interviews, public speaking etc. And the Curriculum is Innovative, job oriented and Benchmarked.

### **2. SPECIAL PROGRAMMES/INITIATIVE OF SCHOOL/DEPARTMENT**

#### **2.1 Academic Adoption:**

It includes theory and practical subjects along with clinical training at various hospitals.

#### **2.2 LABORATORIES:**

- Nursing Foundation Lab
- Nutrition Lab

- Community Health Nursing Lab
- Obstetrical & Gynaecology Lab, child health nursing lab.
- AV Aids Lab
- Pre-Clinical Lab
- Computer Lab

## **SCHOOL OF PHARMACY AND EMERGING SCIENCES (SPES)**

### **1. PROFILE**

School of Pharmacy & Emerging Sciences (SPES) has been started at Baddi University in 2007 to provide quality education, training and carry out research in Pharmaceutical Sciences. SPES is located in one of the hub of Pharmaceutical Industry of India.

India, being one of the top three pharmaceutical manufacturing countries in the world, has ample opportunities for the professionals with skills in pharmaceutical sciences. SPES is providing skills to young students in pharmaceutical manufacturing, dispensing drugs and community pharmacy to provide information on safe & effective use of drugs, drug-drug interaction, toxicity of drugs and dosage regimen for patients.

SPES has state of art infrastructure for training students on manufacturing and quality control testing of drugs and their formulations. It has 15 moderns, spacious laboratories with latest equipments: HPLC, FTIR, UV-Vis spectrophotometer, Gel electrophoresis, Karl-Fischer titrimeter, Tablet compression machine etc. SPES has spacious lecture halls with multimedia projectors, advanced computer and language laboratories, animal house and herbal garden. The library of the school is enriched with more than 5000 books, 100 National & International journals and study material in the form of CDs.

The performance of SPES is attributed to its highly qualified faculty from globally recognized Indian universities with 8 doctorates in pharmaceutical sciences and more than 5 faculty members are on the verge of completion. The research profiles of SPES faculty members as observed with their more than 300 research publications and 18 patents reflect the international status. The major areas of research of the school are –

- Synthesis of Novel medicinal agents – Benign Prostate Hyperplasia, Neuromuscular blockers, Polymeric prodrugs for Cancer, Anti-malarial drugs, Nitric oxide releasing analogues of drugs.
- Organ specific targeted drug delivery.
- Novel drug deliveries for solubility enhancement & control release.
- Drug metabolic studies.
- Pharmacological evaluation of herbal products.
- Analytical Method development and Validation
- Isolation, characterization & development of active constituents from medicinal plants.

SPES has best academic performance – more than 90% results in B. Pharmacy and 100% in M. Pharmacy. Its a Premier Pharmacy Institute in the hub of pharmaceutical industries at Baddi.

The students of SPES are well placed in pharmaceutical industry with around 90% campus placement. Throughout year, SPES also motivate the students by conducting regular expert lectures from Industry & Academia, workshops & training, quiz programs and cultural events. An association of students of SPES is in place as Baddi University of Pharmaceutical Association (BUPA) which actively conduct academic, sports and cultural activities. SPES being accredited by the Life Sciences Sector Skill Development Council (LSSSDC) has started Skill development programs in pharmaceuticals from Jan. 2016.

Recently, School of Pharmacy & Emerging Sciences has been adjudged as **Top Emerging Pharmacy Institute by AICTE-CII Survey of Industry-Linked Technical Institutes of India.** (5th University Industry Congress Global Higher Education Summit & Expo, 2-3 December, 2015).

## **2. LABORATORIES:**

- Pharmaceutics lab
- Pharmacognosy Lab

## SCHOOL OF MANAGEMENT STUDIES (SMS)

### **INDUSTRY INSTITUTE PARTNERSHIP PROGRAMME**

Industry Institute Partnership forms an important activity for any academic institute as its stakeholders interact with the real world. The students are benefited due to exposure to current industry practices, updating are possible as and when changes occur in technology, teaching faculty gets sensitized to the latest practices leading them to blend real-time exposure with usual theoretical teaching methods.

On successful interaction, Industry may realize that Academia has more to offer by way of solving their short term and long term technical problems, provide a manpower resource pool with good industry orientation and a source for updating the knowledge sets of its personnel. Industries and Technical Institution have a strong mutuality of interest which forms the basis of a partnership between them to bridge the gap between the Institution and Industries. IIP CELL aims at effective, frequent and mutually beneficial interactions with Industry and establishing and exploring links with industries for the development of the Institute.

### **PROFILE**

The School of Management Studies (SMS) holds the vision of shaping leaders for exigent corporate houses the world over. Since its inception, the school has set standards to help in shaping proficient management students to reach the supreme echelons in the professional world.

SMS aims to create an environment in which students undergo the process of empirical learning through exposure to a range of real world practical problems and utilizing opportunities to apply learned skills in diverse business situations. The project-based learning combined with lectures, case studies, role plays, industrial visits, business games etc. promotes long-term, interdisciplinary, and integrated learning experience with real world issues and practices. Students are encouraged to work with people of divergent expertise which helps in the refinement of skills, and provide them an edge over others at the time of summer training and final placements.

School of Management Studies, Baddi University of Emerging Sciences and Technology organized management Fest “**Prabandhotsav 2022-Ocean of Creativity**” on 4th march, 2022. There were 12 events in total in one day: AD MAD show, Business Plan, Management Quiz, Blab It, Solo Singing, Solo Dancing, Group Dance, Group Singing, Poster Making, Rangoli, face painting and Mehendi competition. More than 100 participants from various colleges and universities like Govt. DC Nalagarh, Ambuja cement foundation, IEC University, P.G.C. Nalagarh, GDC Barotiwala, Maharaja agarsen University etc. participated in various events.

## **SCHOOL OF SCIENCES (SOS)**

### **Introduction**

The School of Sciences, formerly known as Department of Applied Sciences and Humanities, was established in Dec. 2015. Applied Science is a discipline that is used to apply existing scientific knowledge to develop more practical applications. In natural science, basic science (or pure science) is used to develop information to explain phenomena in the natural world. This information is then put to use for practical endeavors through applied science. Applied science is generally engineering, which develops technology, although there might be dialogue between basic science and applied science (research and development).

### **1. PROFILE**

School of Sciences is dedicated to showcase the application of sciences in varied fields. The School strives to impart quality education in the areas of Mathematics, Physics, Chemistry, Microbiology and Humanities for the development of future technocrats and researchers.

### **2. LABORATORIES:**

- Chemistry lab
- Physics lab
- Microbiology lab
- Communication and Professional Skills lab

## **BUEST NURSING COLLEGE (BNC)**

### **Introduction**

BUEST Nursing College was established in year 2018 to conduct B. Sc Nursing Degree Programme with annual intake of 40 students.

#### **1. PROFILE**

The B.Sc Nursing Degree Programme is a 4 year full time programme, which prepares B.Sc Nursing graduates qualified to practice nursing & midwifery in a variety of setting in either public/government or private healthcare setting.

Nursing is one the leading professions that has an indispensable role in the protection and improvement of human health. The significance of the profession arises from the fact that the Nurses works in a position where they help the most precious being in the world, i.e. individuals, in case of failure to meet basic needs themselves, protect and enable them to recover from illness and so on. It is therefore, important that nurses are trained thoroughly so that they are competent and capable in the provision of quality services. BUEST Nursing College aims to produce dedicated and competent nurses by providing the best quality education, the college has proficient-faculty led by an experienced principal.

## **SCHOOL OF AGRICULTURAL SCIENCES (SOAS)**

### **1. PROFILE**

The School of Agricultural Sciences was established in the year 2018 to meet the new challenges of the fast evolving agricultural production systems, which necessarily entail a complete metamorphosis of agricultural education-teaching, research and extension. Recognizing the great responsibility of creating an all encompassing educational ecosystem, the school has been modelled for professional excellence with all round personality development of the students. Our amazingly student-centric, state-of-the-art lecture rooms and laboratories create a pleasant learning experience.

Teaching is imparted in different subjects by using interactive teaching-learning methodology. Students are provided guidance to excel in activities such as group discussions, interviews, public speaking etc. which today are the tools of selection process during placements in reputed business concerns.

The School started B.Sc. (Hons.) Agriculture, degree programme from the academic year 2018-19 with the first batch of 37 students and presently we have all the four classes-1<sup>st</sup> to 4<sup>th</sup> years of B.Sc. (Hons.) Agriculture programme. In a short period since its inception, the SOAS equipped itself with good infrastructure such as, well equipped laboratories, farms, and departmental library with adequate number of books meeting the requirements of all courses as per the ICAR/5th Deans Committee recommendations. The School attaches great importance to maintaining high professional standards in dispensing education, to turn out highly competent professionals to address the needs of various sectors of the Indian economy and beyond.

### **2. LABORATORIES**

- Agronomy/Soil Science Lab
- Entomology Lab
- Plant Breeding & Genetics, Plant Pathology Lab
- Agri. Engineering Lab
- Horticulture/Vegetable Science Lab

### **3. AWARDS/RECOGNITION OF THE SCHOOL/DEPARTMENT**

1. Prof. (Dr) J K Sharma awarded with HINDUSTAN HARIT KRANTI AWARD – 2022 for his outstanding contribution in the field of agriculture by HARWS, Agra during 20<sup>th</sup> to 26<sup>th</sup> November.

2. Prof. (Dr)Thakur awarded with the award of “Hindustan Icon Award” by Hindustan Agricultural Research Welfare Society on dated 15/08/2023 to 25/08/2023 in the field of Agronomy.

### **EXTRA-CURRICULAR ACTIVITIES**

- The Fresher's and farewell party has been organized for students (2022-2023 batch).
- Physiotherapy camp was organised on 21st Jan, 2023
- School of Agricultural Sciences, Baddi University in collaboration with the BUEST Nursing College and Department of Physiotherapy, School of Medical Sciences celebrated the World Food Day on 17th October 2022. “Leave no one behind” (theme of the world food day for this year).
- Inter university sports tournament held at J.P University on 6-8 November 2022.
- School of Management Studies, Baddi University of Emerging Sciences and Technology organized management Fest “Prabandhotsav2023-Ocean of Creativity” on 15th feb, 2023. There were 12 events in total in one day: AD MAD show, Business Plan, Management Quiz, Blab It! Solo Singing, Solo Dancing, Group Dance, Group Singing, Poster Making, Rangoli face painting and Mehandi competition. More than 100 participants from various colleges and universities like Govt. DC Nalagarh, Ambuja cement foundation, IEC University, P.G.C. Nalagarh, GDC Barotiwala ,Maharaja agarsen University etc. participated in various events.

### **Rural Agricultural Work Experience (RAWE)**

Eight weeks “Rural Agricultural Work Experience (under student READY programme)” was organized for final year students of the B.Sc. programme effective from September, 2022. Five villages namely Makhnumazra, Malpur, Kishanpura, Nandpur and Basola were selected for village attachment programme.

### **Agro-Industrial Attachment (AIA)**

Student visits to farmer’s field was organized under Agro-Industrial Attachment.

- Two days visit of students to Seed Multiplication Farm and Seed Grading Centre was organized on 02.11.2022 to 03.11.2022, where students learned about seed multiplication process, different seed grades and storage methods of the seeds.

- Visit to Mittiyan village on 8<sup>th</sup> November, 2023 was organized for students to learn about different cultural systems, and cultivation practices followed by them. Different crops (like green brinjal, amaranthus, ginger, turmeric, etc.), weeds (neela phulnu, parthenium, lantana, red sorrel, etc.) and diseases were shown to students for identification. Students were also demonstrated about mixed cropping and cultivation of tomato. Traditional method of plowing was also shown to the students.

### **Demonstration of traditional method of ploughing**

- On next day i.e. 9<sup>th</sup> November, 2022 students visited Vashishth Farm for demonstration of protected cultivation. The farm was in an area of 25 bigha. Firstly students were taught about polyhouse structures, their components, and importance of polyhouse to grow off season with best quality crop. After that nursery rising in plug trays, capsicum crop under different stages of its growth, yellow sticky traps, staking technique was shown to student grown in polyhouse. Drip irrigation system was also demonstrated to the students and fertigation process was explained along with it.

### **Experiential Learning Programme (ELP)**

Under Experiential Learning Programme, practical training on mushroom cultivation was arranged by signing MoU with Khan Mushroom Farm, Una and the training commenced on 6<sup>th</sup> Feb, 2023.

- Our school in collaboration with the BUEST Nursing College and Department of Physiotherapy, School of Medical Sciences celebrated the World Food Day on 17<sup>th</sup> October 2022. Leave no one behind” was the theme of the world food day for the year 2022. Students also participated in poster presentation.

- Mr Brijesh Kumar, final year student participated in 7 days National Integration Camp w.e.f. 6<sup>th</sup> to 12<sup>th</sup> January, 2023 which was held in Raipur Maidan, Una (HP). 18 states participated in this camp. Mr. Brijesh was among one of the participant who represented HimachalPradesh at National level. He participated in a no. of events and grabbed, first place in Tug of war and Third place in English Essay writing competition. He also won Gold medal in Speech competition.

- Mr Nitin Kumar, 2<sup>nd</sup> year and Ms Sushma, 3<sup>rd</sup> year participated in 7 days National Integration Camp (NIC) organized by NSS Unit, Punjabi University, Patiala w. e. f. 16<sup>th</sup> to 22<sup>nd</sup> February, 2023. Students participated in different extra-curricular activities.

- Farewell Party was organized for the outgoing class of School of Agricultural Sciences on May 31. The event was marked by cultural performances by the students. Students showcased many versatile talents during the programme. The students entertained the audience by short theatrics and fun games. Mr. Rohit and Ms. Divya outshined and got the position as Mr. Farewell and Ms. Farewell, while Mr. Kurang and Ms. Sonali as Mr. Personality as Ms. Personality respectively.

- Our school in collaboration with NSS unit, BUEST celebrated 'Van-Mahotsav' by planting saplings in University campus on July 7, 2023. More than 100 saplings of medicinal as well as other plants were planted in the farm by all the faculty and staff members of BUEST.

- On 5th June, 2023 “WORLD ENVIRONMENT DAY” was celebrated by our School (SOAS) in collaboration with NSS Unit BUEST with great enthusiasm. The theme of this year is “**Beat Plastic Pollution**”. Activities were also organized such as quiz competition, poster presentation on the ecosystem restoration. Mr. Sumit and Ms. Riya got first position and Ms. Sanjana and Mr. Jaswant got 2<sup>nd</sup> position in quiz competition. Poster presentations were also remarkable. The program was concluded with a vote of thanks by Dr. K.R. Sharma, Associate Prof. Everyone has taken pledge to save the mother earth by freeing it from plastic. After this activity, students collected plastic waste from premises of SOAS, SOS and in front of Vice Chancellor office. This event has given a positive message to save the environment from plastic as well as from other pollutants. The overall program organized by SOAS, BUEST was magnificent

- **KARWA CHAETH CELEBRATION-2022**

The festival of 'Karwa Chauth' was celebrated by School of Sciences on 12<sup>th</sup> Oct 2022 and Mehndi Competition was conducted to commemorate Indian culture and tradition.

- **NATIONAL SCIENCE DAY CELEBRATION-2023**

National Science Day was celebrated by the **School of Sciences** on 28th February & 1st March, 2023. The focal theme of National Science Day 2023 is "Global Science for Global Well-being". An Expert talk was organized on the first day of celebration. The Keynote speaker for Expert talk was Dr. Shefali Dhiman, Head- Department of Chemistry, MCM DAV College for Women, Chandigarh who apprised the students about the discovery of Raman Effect by Sir CV Raman, Indian researchers in history who went unnoticed for their inventions and discoveries. A variety of other activities -Science Exhibition, Group Discussion, Activity corner, Skit were conducted on this occasion in which more than 100 students from various schools of BUEST participated. Prizes and certificates were distributed to the winners and participants.

- **EDUCATIONAL VISITS ORGANIZED BY SCHOOL OF SCIENCES**

A one-day educational tour to Kurukshetra, the land of 'Dharmakshetra' was organized by School of Sciences. The tour was scheduled on Friday, 16<sup>th</sup> December 2022.

**PHYSIOTHERAPY CAMP , 21st Jan, 2023:-**

**World Food Day on 17th October 2022. “Leave no one behind**

## YOGA DAY

### **Details of NSS activity**

#### **1. VAN MAHOTSAV:**

Van Mahotsav week is celebrated from 1-7 July, 2023 to spread awareness of forest conservation and to save the environment. NSS unit of BUEST in association with School of Agricultural Sciences organized tree plantation drive. The event was started with a welcome speech of HoD SOAS, Prof D.R. Thakur and floral welcome of chief guest Prof. (Dr.) JK Sharma, Vice Chancellor and guest of honor Prof. (Dr.) Khushmeet Kumar, Registrar Baddi University. Prof. (Dr.) JK Sharma addresses the gathering and talked about the nomenclature of Van Mahotsav and also emphasizing the need to protect and conserve the environment. He also said that it is important to nurture the saplings after planting to survive all odds and grow to full potential. He further adds let us all pledge not only to plant trees but also nurture them. More than 50 trees were planted in the Farm which includes, Arjuna, Sejal, Jamun, Kachnar, Neem, Student Welfare Officer, Ms. Sushma Singh, NSS program officer Ms. Ankita Thakur, NSS PO along with other faculty members and of other departments planted saplings in the university premises.

## 2. WORLD ENVIRONMENT DAY

On 5th June, 2023 “WORLD ENVIRONMENT DAY” was celebrated by School of Agricultural Sciences (SOAS) in collaboration with NSS Unit BUEST with great enthusiasm. The theme of this year is “Beat Plastic Pollution”. NSS Program Officer Ms. Ankita Thakur welcomed the HoD, staff and students of SOAS. Prof. D.R. Thakur, HoD, SOAS, addressed the students and faculty members present in the event. He stressed upon the current most emerging issue of plastic pollution. Dr. Thakur also added that plastic is non-degradable material, it remains years together on the earth causing great threat to environment and deteriorate the natural processes and habitat. Further he added that the plastic should not be put on in land and water. The hazardous effects of plastic were also highlighted such as agricultural land degradation with plastic through FYM and water sources by chocking its natural path and ultimately the sea where blue culture is surviving. Other activities were also organized such as quiz competition, poster presentation on the ecosystem restoration. Mr. Sumit and Ms. Riya got first position and Ms. Sanjana and Mr. Jaswant got 2nd position in quiz competition. Poster presentations were also remarkable. The program was concluded with a vote of thanks by Dr. K.R. Sharma, Associate Prof. Everyone has taken pledge to save the mother earth by freeing it from plastic. After this activity, students collected plastic waste from premises of SOAS, SOS and in front of Vice Chancellor office. This event has given a positive message to save the environment from plastic as well as from other pollutants. The overall program organized by SOAS, BUEST was magnificent.

### 3. INTERNATIONAL YOGA DAY:

NSS Unit of Baddi University of Emerging Sciences and Technology celebrated the 9th International Day of Yoga on 21 June 2023 with the enthusiastic participation of more than 100 students, faculty and staff members. The theme, for this year's International Day of Yoga is "Yoga for Vasudhaiva Kutumbakam " which beautifully encapsulates our collective aspiration for "One earth, one family, one future". The Chief Guest Advisor to chancellor Prof. (Dr.) T.R Bhardwaj along with Registrar Prof. (Dr.) Khushmeet Kumar and other dignitaries started the program by lamp lighting. After that, the Honorable Chief guest guests were facilitated by Registrar Prof. (Dr.) Khushmeet Kumar.

The students of physiotherapy were the instructors for this event. They initially briefed about the essence of Yogic exercises on the health of individuals and thereafter, held a long session with were a demonstration of asanas. Faculty, staff and students enthusiastically participated during the sessions to acclimatize the body to Yogic exercises & Yoga. The participants were introduced to Yogasanas, Kapalbhathi, Pranayama, Dhyana, Sankalpa and Meditation.

Honorable Chief Guest Prof. (Dr.) T.R Bhardwaj addressed the gathering about yoga and the benefits of practicing Yoga for individuals in everyday life and highlighted the potential for customization to suit the individual. He shared his experience & wisdom about his decade's long Yoga. He also delivered an excellent talk on "Towards Excellence" and enlightened the participants about the scientific relevance and importance of Yoga in our lives and explained how Yoga practiced perpetually benefits to reduce stress at work for a healthier body and mind practice.

The program was organized by Ms. Ankita Thakur (NSS PO) and Nss co-coordinators of other Departments.

#### 4. BLOOD DONATION CAMP:

The NSS Unit of Baddi University of Emerging Sciences And Technology under the leadership of NSS Program Officer Ms. Ankita Thakur organized a blood donation camp in collaboration with Department of Transfusion Medicine PGIMER , Chandigarh and State Blood Transfusion Council U.T. Chandigarh in the university campus on 16th May 2023. The camp began at 10:00 a.m. with a short inaugural function where in Dr. Bineeta Awasthi and Dr. PuneetKaur along with their four-member team was given floral welcome by Vice Chancellor Prof. (Dr.) JK Sharma. On this occasion Dr. Bineeta Awasthi expressed her gratitude to the NSS unit of the college for its continuous endeavor in this regard. She also stressed on the growing need of blood in the state and commended the young volunteers for their noble act.

The blood donors were given Milk bottles sponsored by RK Traders, Pinjore along with Bananas and Sandwich as refreshment after the blood donation in order to re-energize themselves. The blood donors were provided with a blood donation certificate card by Department of Transfusion Medicine PGIMER, Chandigarh and State Blood Transfusion Council U.T. Chandigarh. After the event, the medical team was served with lunch and the camp finally concluded with a vote of thanks by the Student Welfare Officer, Ms. Sushma Singh at around 2.30 p.m. This was the 2nd camp conducted by the NSS unit for this academic year. The first being conducted on 16th December 2022, where in 98 volunteers donated blood.

## 5. EXPERT TALK ON POSITIVE THINKING TECHNIQUES

NSS Unit of Baddi University of Emerging Sciences and technology organized expert talk on “Positive Thinking Techniques”. Prof (Dr.) JK Sharma Sharma, worthy Vice chancellor of Baddi University was the chief guest of the seminar. The seminar begins with the floral welcome of guest. Mr. Jai Gopal Goel who is the founder of Indian Institute of thinking techniques and President of Himachal Pradesh Micro and Small Industry Association, was the key speaker of the event. He emphasized on positive self -talk. At the end of the seminar, Mr. Goel was honored with the Shawl and momento by Prof (Dr.) JK Sharma.
