- Must not be receiving any external fellowship (JRF, SRF, project-based fellowship, etc.).
- Must meet University admission norms and research requirements.

### **3. Fellowship Components**

- Monthly Fellowship Amount: As approved by the University.
- Contingency Support (if applicable): For research-related academic expenses.
- Duration is linked with the Ph.D. programme timeline and University regulations.

### **4. Conditions for Availing Fellowship**

- Regular attendance and active participation in research activities.
- Satisfactory progress as evaluated by the Supervisor / DRC / RAC.
- Compliance with research ethics, plagiarism policies, and academic discipline.

### **5. Continuation of Fellowship**

- Fellowship continues only upon meeting required milestones and progress reviews.
- May be discontinued if performance is unsatisfactory or University rules are violated.

### **6. Restrictions**

- Scholars receiving any other financial fellowship are not eligible for this support.
- Employment or external assignments require prior approval of the University.

### **7. University Authority**

- The amount, duration, and terms of the fellowship are decided by the University.
- The decision of the competent authority regarding grant or discontinuation is final.
